About The Event

PM AGORA began in 2024 as an initiative created by 3 EU Project Managers who felt the need to connect with peers across Europe to share the challenges of the profession, exchange experiences, and collectively find better ways of working.

What started as a response to a real professional need has grown into an established space for development, learning, and community-building. Today, PM AGORA brings together EU Project Managers from across Europe to stay informed about the field, build new skills, meet and network with colleagues, and reflect on the human side of project work, including wellbeing and mental health.

At its core, PM AGORA is about strengthening a shared professional identity and creating a collective voice for advocacy, collaboration, and long-term change in the sector.

Day 2

A day dedicated to understanding upcoming European priorities, including the new MFF, and advancing the development of a shared professional community for EU Project Managers with a focus on advocacy and collective voice.

Benefits for Sponsors

Supporting PM AGORA means more than simply being present at an event. It is an opportunity to engage with a growing European community of EU Project Managers and to contribute to a space built on collaboration, shared learning, and exchange.

Direct access to a targeted professional community

Sponsors engage with a focused group of EU Project Managers from across Europe, creating opportunities for meaningful connections, partnerships, and visibility within a highly relevant audience.

Association with a collaborative initiative

By supporting PM AGORA, sponsors position themselves alongside a community-driven initiative that promotes co-creation, professional development, and innovation in the field of EU projects.

Contribution to shaping the future of the sector

Sponsors are part of a space where ideas, challenges, and practices are actively discussed and developed, contributing to the evolution of EU project management and its professional ecosystem.
